ABOUT

PERCENT FOR ART FUNDING

In 2002, the Parish Council passed the 'Percent for Art' Ordinance. This ordinance authorizes the allocation of funds for art in the construction or renovation of public buildings. Over the years, public art has enabled people in all societies to better understand communities and individual lives. Through this ordinance, St. Tammany Parish Government and the Commission on Cultural Affairs accept a responsibility to expand the community's experience with visual art.

For this project, the selections were made to enhance the healing environment of the facility. Specifically, artwork that evokes nostalgia, a sense of comfort, or artwork that elicits positive feelings.

ART ADVISORY PANEL

- Cindy Pulling, Administrative Director for NAMI St. Tammany
- James Davis, District 7 Councilman
- Laura Prisco, Commission on Cultural Affairs
- Jennifer Bushnell, Commission on Cultural Affairs
- Mary D. Burckell, Director of Safe Haven
